Ref.: REACH EU regulation 1907/2006 – Substances identified as SVHC: updating of the “Candidate List”

Dear customer,

We are therefore glad to inform you that all the grades supplied by Zell-Metall Ges.m.b.H with the trade mark:

### **ZELLAMID®**

Do not contain substances identified as **SUBSTANCES OF VERY HIGH CONCERN (SVHC)**

Please be advised that based on the information available to us from our raw material suppliers the current products do not contain as intentionally added additives or ingredients substances of very high concern (SVHC) above a limit of 0,1% w/w according to the candidate list.

ECHA has published on its website a up-to-date version of the candidate List of Substances of Very High Concern. This list can be easily accessed at the following web link:
