Substances identified as SVHC: updating of the “Candidate List”

We are therefore glad to inform you that all the grades supplied by ZL Engineering Plastics, Inc. with the trademark:

ZL®

do not contain substances identified as **SUBSTANCES OF VERY HIGH CONCERN (SVHC)**

Candidate List, last updated by ECHA: 01/23/24
Number of substances on the Candidate List: **240**

Please be advised that based on the information available to us from our raw material suppliers the current products do not contain intentionally added additives or ingredients substances of very high concern (SVHC) above a limit of 0,1% w/w according to the Candidate List.

ECHA has published on its website an up-to-date version of the Candidate List of Substances of Very High Concern. This list can be easily accessed at the following web link:
